

The Moors at Arne Coastal Management Project Feedback Form

November 2018

Thank you for taking the time to attend today's event. We appreciate you sharing your views with us, we read every comment and suggestion. We will publish a high level summary of the feedback we receive, in mid-February 2019. Feedback received by the 11 January 2019 will be included in the summary, however we are happy to continue to receive your comments throughout the project.

To submit your feedback you can either:

- Complete this form and give to a member of the project team today
- Post to: The Moors at Arne Project, Environment Agency, Rivers House, Sunrise Business Park, Higher Shaftesbury Road, Blandford Forum, Dorset. DT11 8ST.
- Scan or photograph this form and email to: TheMoorsAtArne@environment-agency.gov.uk

Thank you for your help.

- **Your feedback on the project overall**

Which of these are you...? (Please tick) Then please circle

A local resident	Of: Ridge / Arne / Wareham
Representative of a community or stakeholder group	
Visitor to the area	
Business owner	
RSPB member	
Other, please specify	

Our proposals for the suggested layout have evolved to take account of feedback previously received and in response to our ongoing investigations. Your feedback will help to inform the creation of an outline design of the preferred option and we will continue to collect more information over the next year or so to inform a more detailed design.

Please rate the following using a scale of 1 – 5

1 = Not at all

5 = Completely

Do you think the exhibition today....

Provided the information you were looking for?	1	2	3	4	5
Provided enough information on the project overall?	1	2	3	4	5
Demonstrated how we have listened to the concerns and suggestions you have raised since the last exhibition?	1	2	3	4	5

The Moors at Arne Scheme

How well do you feel you know the project?
Are there aspects you would like to know more about?
What aspects of the scheme do you like?
Are there any areas you are concerned about?
Is there anything for which you would like more explanation?

Do you have any further comments on our proposal? (Use separate paper if needed)
